**KRISTIN K. MAYES**

Commissioner

AZ CORP COMMISSION  
DOCUMENT CONTROL

IN THE MATTER OF THE FORMAL  
COMPLAINT OF PAC-WEST TELECOMM  
SEEKING ENFORCEMENT OF THE  
INTERCONNECTION AGREEMENT  
BETWEEN PAC-WEST TELECOMM AND  
QWEST CORPORATION

) DOCKET NO. T-01051B-05-0495  
) T-03693A-05-0495  
)  
) **RESPONSE OF PAC-WEST**  
) **TELECOMM TO STAFF'S**  
) **MOTION FOR CLARIFICATION**  
)

Pac-West Telecomm, Inc. ("Pac-West") concurs with the Commission Staff's observation that the NARUC Task Force on Intercarrier Compensation is moving forward with a proposal to reform intercarrier compensation on a national level. Any generic docket in Arizona should operate in concert with that proceeding, and not duplicate ongoing national efforts.

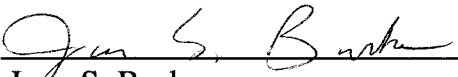

Staff suggests, by way of example, three issues for resolution in an Arizona generic docket: (1) What rates are applicable on an ongoing basis; (2) whether VNXX results in misassigned local telephone numbers; and (3) whether VNXX use results in misused telephone numbering resources. Sub-issue (1), which relates to rates, will be heavily impacted by the national NARUC reform proposal. However, it may be months,

or even a year before that proposal matures into a final resolution. In the interim, if the Commission concludes that intraLATA ISP-bound traffic is not covered by the ISP Remand Order, then the Commission will need to categorize that traffic for compensation purposes as 47 U.S.C. 251(b)(5) traffic or 47 U.S.C. 251(g) traffic. A generic docket to define the traffic and to designate it for compensation purposes may be useful.

Sub-issues (2) and (3), suggested by Staff, relate to numbering resources. To the extent the Commission believes a generic docket on numbering resource is needed, Pac-West would support such a docket.

Respectfully submitted this 16th day of May, 2006.
